

A. Read the following text then do the tasks below:

Once, a king and a lazy man named Hani were very good friends. One morning, the king said, "Why don't you work to earn some money?" Hani said, "No one offers me a job. My enemies told everyone that I never do any work in time." The kind king said, "You can go into my treasury and collect as much wealth as you can, but you have to finish before sunset." Hani was so happy and rushed home to tell his wife. She said, "Go and get the gold coins and gems now." He said: "I cannot go now. I am so hungry. I'd like to eat first."

After lunch, he took a nap for an hour. Then in the late afternoon, he picked some bags and went to the palace. On the way, he felt hot so he sat under a tree to rest and drink some water. Two hours later, when he wanted to move on, he saw a man showing some magic tricks. He stopped to watch for an hour again. On the way to the palace, he met an old friend and chatted with him for some time. When he reached the palace, it was already sunset time. The palace gates had been shut.

Hani lost a golden chance because he had not learnt the value of time. If Hani worked hard, he wouldn't be poor. This story teaches us that once time is spent, it will never come back again.

B. Read the following text then read the tasks below:

Time is precious! We should never waste it in any way. People can spend a lot of time doing various things, but they can never get back the time they had spent. That is why most of successful people consider time more important and valuable than money. We all should use our time in productive ways. If you master the technique of managing time efficiently, you can achieve anything in your life. Time management helps you to attain more with less effort.

In the beginning, it will feel like a boring task, but when you do it regularly, you realize that it only helps you to increase your productivity. Eventually, this will encourage you to achieve more in life. Being productive doesn't mean that we have to be involved in multiple tasks at the same time. The proverb, "killing time is not a murder; it's a suicide" is applicable for those who don't understand the value of time and don't respect it. People who say that they don't have enough time to complete their work, don't really know how to manage time.
