

A -READ THE FOLLOWING TEST, THEN CHOOSE THE CORRECT ANSWER A, B, C OR D:

Most people think that education is limited to schools only, but the truth is that there are lessons that we can only learn from life, and they may be more important than those learnt at schools.

Life lessons are sometimes painful before they are acquired, and in order to avoid this, we must benefit from the experiences of others. We shouldn't pay too much attention to the trivial things that are not important and waste our time and effort. Since life is so unpredictable, we must not live on expectations only and meet everything new in life with optimism and positive thinking. There is no word more boring and monotonous than the word "I". We must be confident of ourselves, but that does mean we talk about ourselves and our accomplishments all the time, as this inherits vanity.

Human relationships are also important because without love and support from family and friends, you will not feel happy and will not achieve success in life. Man by nature makes mistakes, so be tolerant and seek excuses for those around you, and if someone comes to you with an apology, do not stop him, and do not carry in your heart any envy of anyone. There are no alternatives to exercising, eating well, fresh air and sunshine. Take care of your health and make it a priority for your entire life.

The pursuit of success will make you succeed in the end, no matter how long the period is, but keep trying. Failure is a great teacher in life. It teaches us humility and how to correct our course of life. A great example is Thomas Edison. He failed many times, but he did not give up until he succeeded. Even when he failed, Edison learned something. 'I get results in everything I try,' he said.

The golden rule for everybody is to be honest, trustful, useful and generous so that they leave life with a trace that those around them will not forget about.

B -READ THE FOLLOWING TEST, THEN CHOOSE THE CORRECT ANSWER A, B, C OR D:

One of the most destructive moments in our lives is failure. When we work hard and keep faith with clear heart and soul to accomplish something and fail, it will surely have negative consequences for our lives. When we fail, life turns upside down. Everything seems to disappear into thin air. However, most people don't realize that failure acts as a stepping-stone towards success.

They don't know that we can learn more about our lives when we fail. Throughout history, there have been many famous people who had once greatest failures in their lives, but later they could learn from their experience and were able to reach the top.

Thomas Edison is by far one of the most famous inventors in history. He holds 1,093 patents to his name. However, when attempting to invent a commercially-viable electric light bulb, he failed over 10,000 times. When asked by a reporter how it felt to fail so many times, he merely stated, "I have not failed 10,000 times. I have not failed once. I have succeeded in proving that those 10,000 ways will not work. When I have eliminated the ways that will not work, I will find the way that will work."

Albert Einstein, one of the greatest thinkers of our time, didn't speak until he was four-years old. He also failed his entrance exam to the Swiss Federal Polytechnic School located in Zurich at sixteen-years old. And, even his father, up until the time of his death, considered his son to be a major failure. After eventually graduating from college, Einstein actually worked as an insurance salesman, but quit after sometime because he failed at that as well.

Bill Gates has amassed a mind-boggling net worth of close to \$80 billion, and is known as the infamous father of modern personal-computing software. He brought us operating systems such as Microsoft DOS and Windows, along with wildly-popular titles such as Microsoft Office's Word, Excel and PowerPoint. However, at the age of seventeen-years old, his first software company called, Traf-O-Data, which analyzed raw traffic logs, failed.

Walt Disney is the creative genius who brought us the likes of Mickey Mouse, Donald Duck and Snow White. He created the Walt Disney Company after his own name sake. Yet, he faced many failures. His first company, Laugh-O-Gram went bankrupt. It wasn't until 5 years later and plenty of heartache - after he created Mickey Mouse - did he begin to experience a small amount of success and fame.
